Unhappy Landing

Elden Carter, Boise, Idaho, private pilot without a federal license, picked the wrong place to land. He crashed directly in front of the civil aeronautics authority office at the Boise airport when his motor failed. He escaped with slight injuries but his plane was confiscated.

Dangerous Firewood

Mrs. L. Marais of Cyferkuil, Western Transvaal, picked up a piece of firewood while lighting her kitchen fire and found to her horror that she had seized a deadly night adder. With great presence of mind, the housewife struck it against the floor and battered it to death.

NOW PLAYING AT DALY CITY THEATRE

TUB SHAMPOO PUT SOAP IN HER EYES: When young Teresa Wright abandoned the Broadway stage to sign a contract with Samuel Goldwyn, she didn't realize that a shampoo can amount to a near drowning when done for movie purposes. But Teresa found out as Director William Wyler put her through a lengthy scene for "The Little Foxes," starring Bette Davis. The script of "The Little Foxes" required that Teresa bend over an old-fashioned oak tub while her Negro servant, played by Jessie Grayson, liberally doused her hair with soap and water. The dramatic film is currently playing at the Daly City theatre.

Most Spanish Spot

The most Spanish spot under the American flag is the romantic city of Ponce, on the southern coast of the United States territory of Puerto Rico. Although Ponce was the first city to be entered by the Americans who took Puerto Rico in 1898, it has been the last to give up the Latin heritage it derived from its Conquistadores. English is spoken widely in Puerto Rico, but Spanish is the prevailing language in this stronghold of old Castille.

Pals

Raccoons have an ideal home life, says the National Park service, because the male shares the responsibility of rearing and training the children.

First Dog Shot

Bobby, an Alsatian dog attached to a crack French Zouave regiment as a messenger, was the first dog to be shot by the Germans on the Western front, according to a report received in Paris. His body was recovered and was buried with the following epitaph: "Here lies Bobby, a messenger dog, who fell on the field of honor while rendering service."

Chinese Secret Societies

Police raids on two big meetings in a Canton, China, cemetery resulted in the arrest of nearly 100 Chinese who were suspected of being members of illegal secret societies. The societies hold their meetings at the grave of one of their slain members.

Nutria Cape

MAGNIFICENT NUTRIA great cape with bright red lining, suitable for both daytime and evening wear, is worn here by CBS Hollywood radio columnist Hedda Hopper. She models it over a costume suit of beige wool, featuring the new dipping hemline and tunic blouse with horizontal stripes of self material. Her high crowned hat of pale blue has bright blue flower trimming.

President Arrested

Ulysses S. Grant was the only President ever arrested during his term of office. He loved fast horses, always had several in the White House stables, and had taken the highest mark for horsemanship in his class at West Point. His record in the high jumps has never been equaled. One day he was driving a spirited team in Washington, exceeded the speed limit, and was arrested by a colored policeman. The President put up a deposit of $20, but never appeared at the police court, and commended the colored policeman for doing his duty.

Plan A PARTY

A BUFFET dinner is one of the most delightful ways to entertain any group, large or small, for it seems to put guests completely at ease, reduces serving problems to a minimum, and makes possible many effective table arrangements.

When it comes to planning a dessert for the buffet dinner, the clever hostess invariably chooses a type that makes individual service easy but which is as important looking as an imposing three-layer cake. Small individual pastries such as these Blushing Pineapple Tarts are just such a dessert. Including them in the menu assures a successful finish for any buffet dinner.

To make them, Pineapple Slices tinted a delicate pink are cut in half and arranged in overlapping fashion atop a filling in which the inimitable flavor of Pineapple is paramount. This is an especially easy dessert to make because the tart shells and even the filling can be prepared ahead of time. Then, just before serving time, all that remains to be done is simply to place the Pineapple Slices on the tarts. In a jiffy they are ready to serve!

Pineapple is such a universal favorite that the hostess who serves it can be sure of pleasing every guest. And, what's more, Pineapple Slices are always so perfectly uniform in size and shape that there is no waste.

These Blushing Pineapple Tarts are attractive when arranged on any tray or flat cake plate. But if used for a buffet supper, they may be placed on an old-fashioned cake-stand and arranged at one end of the table with the coffee service at the other. If the party is large, two such cake-stands might be used—one at each end of the table. The Pineapple Tart recipe is given below:

BLUSHING PINEAPPLE TARTS
(Makes 6 tarts)

- 6 3-inch baked tart shells
- 9 to 10 slices Canned Pineapple (1 No. 2 or 20-ounce can)
- 1 cup sugar
- ¼ cup cornstarch
- ¼ teaspoon salt
- 1½ cups liquid (syrup drained from Pineapple Slices and water)
- 2 egg yolks
- 1 tablespoon butter
- 1 tablespoon lemon juice
- Red coloring

Drain Pineapple Slices. Measure the syrup and add water to make 1½ cups. Place sugar and cornstarch in saucepan and mix well. Add liquid and stir until thoroughly mixed. Cook, stirring constantly, until thick and clear. Then continue cooking about 5 minutes longer. Add beaten egg and cook slowly approximately 3 minutes. Add butter and lemon juice and blend well. Pour into baked tart shells and let cool. Cut drained Pineapple Slices in half, and arrange on top of each tart in overlapping fashion. Garnish each with a maraschino cherry if desired, or add a few drops of red coloring to water and dip Pineapple Slices in solution to "blush" them faintly pink.

Profits in Modernization

More than 1,000 grocery store owners, members of the Independent Grocers alliance, recently studied a survey on increased profits resulting from storefront modernization with structural glass. It was revealed that average profits increased 20 per cent the first year after modernization and that the average gross receipts rose from $21,050 to $28,628.

Live by Fishing

Eskimos in Greenland now make a living through fishing, whaling, sealing or hunting.

Wrong Training

Colleges continue to train students for jobs that no longer exist, Chester G. Moore, chairman of the board of the Central Motor Freight association, recently told a conference at the University of Illinois. And all the time, he said, jobs as salesmanager, accountants, office managers, solicitors, traffic managers, and tariff experts—in the trucking industry, are going begging.

Measure Warmth

A machine has been devised for measuring the warmth of fabrics used in clothes and bedding.

Ladies! - - Make A New Year's Resolution

Ladies—make that New Year's resolution now to look your best in 1942!

A way to make sure it's not broken is to make regular trips to the attractive Cut 'N Kurl Beauty Salon, 6654 Mission street. All the latest hair styles and beauty aids are yours for the asking. Just lift up your receiver and call RAndolph 0292, today, for an appointment.

Proprietor of Cut 'N Kurl Beauty Salon is Mrs. Jennie Borelli. Expert finger waving and permanent waving are assured all of her customers. Mrs. Borelli has been operating a beauty shop since 1934.

Smoking Dog

One of the reasons Spokane County Superior Judge Fred Witt would not consider appointment to the Supreme court for which he was recently prominently mentioned, was that his wife preferred to remain in Spokane. And one of the reasons that Mrs. Witt preferred to remain in Spokane was that she feared the change of climate might not be good for her 10-year-old pet fox terrier Tiny. Tiny is a fastidious animal in that he cannot start the day, Mrs. Witt says, without a cup of coffee well seasoned with sugar and cream, after which he demands a cigarette.

An Old Custom

The customs of women dyeing their hair and tinting their fingernails date back some 4,000 years in Egypt, as is evidenced by pictures in ancient monuments and by mummies.

The Bride Invites Guests to Dinner

—and has fun preparing a simple but gala meal

THE first time a bride has guests for dinner is a real occasion. Planning and preparing the dinner is excitement, fun, anxiety and work all in one—with the fun predominating.

A Savory Meat Ring is a simple main dish but looks gay filled with buttered green peas.

One trick is—keep the meal simple, and uncluttered. Avoid the tricky garnishes of this and dabs of that which have to be prepared at the last minute.

On the other hand, do make use of the many canned and packaged foods available. For appetizers, use canned fruit and vegetable juices. Try the smart dodge of combining canned soups to get individual flavor. Let the packaged biscuit, cake and pastry mixes give you a lift.

Tomato Juice

Toasted Angel Cake with Vanilla Ice Cream
Coffee

***Savory Meat Ring**

½ cup onions, chopped
1 teaspoon butter
½ pound ground veal
½ pound ground beef
½ pound ground pork
1¼ teaspoons salt
¼ teaspoon pepper
½ cup dry bread crumbs
½ cup condensed tomato soup
1 egg, slightly beaten
1 tablespoon chopped parsley

Cook the onion in butter until soft. Then mix thoroughly with ground meat, salt, pepper, bread crumbs, tomato soup (just as it comes from the can), beaten egg and parsley. Pack in a buttered ring mold and bake in a moderate oven, 350° F., for 45 minutes to 1 hour. Fill center of mold with green peas. Serves 5-6.

†Cream of Chicken and Spinach Soup

¼ pound spinach, cooked
1 tablespoon butter
4 teaspoons flour
¼ cup milk
1 can condensed chicken soup

Clean spinach, but do not drain thoroughly. Put in kettle, cover and cook 8-10 minutes. Drain, and save ¼ cup spinach water for soup. Chop the cooked spinach—this should yield ½ cup chopped spinach for the soup.

Melt the butter in a saucepan, add flour and mix together well. Then add the milk and cook until the sauce has thickened. To this add the chicken soup and heat thoroughly. Then add chopped spinach. Heat, but do not boil. Serves 3-4.

Teaches With Films

Pant Pratinidhi, Rajah of Aundh, India, teaches his people with educational films and has made deep breathing exercises in schools compulsory.

The United States army has developed an observation airplane that can rise into the air 50 feet after starting a flight and stop within 100 feet of alighting.

LUNCHEON DISH for the youngsters

Dorothy Greig

HERE'S a dish children will tackle with relish. It looks so appetizing, smells so good as it comes bubbly hot to the table.

What's it made of? Just every day vegetables, probably leftovers at that from yesterday's dinner.

What glorifies the dish is a savory chicken sauce—made of condensed chicken noodle soup. The deep chicken flavor of the sauce lends zest to the whole dish. The casserole is no trouble to make either, as you will notice. Yet it provides a hot and delicious dish for the noonday meal:

Casserole of Vegetables with Noodles

1 cup cooked carrots
1 cup cooked potatoes
1 cup cooked celery
1 can condensed chicken noodle soup
1 can of milk (using soup can for measure)

Add the milk to the chicken noodle soup, and heat. Then add the cooked carrots, cooked potatoes and cooked celery and put all to a buttered casserole. Cover and cook all together in a 350 degree oven for about 30 minutes. Just before top, soften crackers in hot milk, lay on top of casserole and brown in oven.

This may also be served without putting into a casserole, but the brief cooking does blend the flavors.

Undaunted Courage?

Pat Hogan of Westwood, Calif., and Muriel Dwyer of Santa Cruz, went to Reno, Nev., to be married. Pat, after getting the license, was knocked down by an auto and his leg was fractured. Undaunted, he had the leg set at a hospital, summoned a clergyman and the marriage was performed on schedule at the bedside.

Jos. Puccini Specializes In Fresh Vegetables

Everyone likes fresh vegetables, especially home grown ones. Joseph Puccini, 1875 Junipero Serra boulevard, specializes in giving the public garden fresh vegetables.

Just a few of the many crisp home grown items on sale are carrots, lettuce, cabbage and beets. Next time you do your shopping stop by and see his large stock of produce.

Besides vegetables, Puccini features groceries, fresh fruits and flowers.

Wild Rice

Wild rice contains 14.8 per cent protein, 9.3 per cent moisture, 2 per cent sugars, 1.5 per cent ash, 1.1 per cent fiber and small amounts of fat, phosphorus, potassium, magnesium, sulfur, calcium and chlorine, says the American Chemical society. The process of parching the seed, introduced by the Indians to facilitate removal of the hulls, reduces appreciably the content of fat, fiber, protein, total ash, magnesium, potassium and phosphorus. In a special test it was found that the vitamin B, content of three samples of wild rice seed averaged 1.67 international units per gram, whereas the average of the same three samples when parched was 1.39.

My Week
by Eleanor Roosevelt

ACTIVE ASSIGNMENT

In the paper, a few days ago, I read that our second son, Elliott, was assigned to an aviation unit and will be off on active duty again. This time it will not be, I am sure, over the wilds of Iceland, Greenland and Newfoundland that he will fly, as he did all last summer. I thought he was still taking a training course and secretly rejoiced with his wife in the comparative security of routine flying. Shortly, apparently, there will be three boys whose whereabouts for us are wrapped in mystery.

I left Washington one night on the night train and found my cousin, Mrs. Kermit Roosevelt, waiting for me in New York at a very late hour to talk over certain changes in the organization for which she has done so much work. "Young America Wants to Help" has been a part of the British War Relief. Now, I imagine, they will redouble their efforts to help not only young people in England, but young people anywhere in our country who need it.

I love the photograph which recently appeared in some papers of young Colin Kelly and his mother. I think many people will be touched as I was, by the letter addressed to the "President of the United States in 1956" by my husband. He asked that this little boy be given an appointment to West Point because of the services which his father had rendered to his country.

Colin Kelly has a proud heritage and though pride can never remove the sense of loss which Mrs. Kelly and this little boy have suffered, still, in the future, it will mean much to both of them. Perhaps a child brought up in the shadow of heroism may find it always a motivating force in his young life.

INFANTILE PARALYSIS

In stopping at the headquarters for the celebration of the President's birthday for the National Foundation for Infantile Paralysis, I found that Mr. Kieth Morgan was pleased and deeply stirred by the telegrams which he has been receiving from his chairmen throughout the country.

Apparently, being at war has not in any way lessened their interest in the war against this dread disease. They feel more intensely than ever that they must save the children by finding out how to prevent epidemics and how to care for those who are stricken. The strength of our children is the strength of our nation.

The heavy epidemics of infantile paralysis during the past three years have brought us 26,000 casualties in this particular war. We can ill afford such losses as these, and so, no matter what we give in other ways this fight must go on.

SEEDS TO ENGLAND

It seems queer, in winter, to be thinking about shipping seeds to England, but England can think about gardens earlier than we. I received a notice today that the New York Home bureaus had sent more than $2,000 for the purchase of vegetable seeds to Mr. Donald Neville-Willing, who allows his home at 18 East 70th street, New York city, to be used as headquarters for the committee working for American Seeds for British Soil.

Mrs. A. W. Smith, the state leader of the Home Demonstration Agents in New York, writes me that one dollar's worth of seed will provide enough vegetables for a family of five. I can only believe that the English are better gardeners than we, for I am sure that the vegetable seeds that I buy for my own use cost me far more. I am not, however, a very good gardener, even by proxy.

COUSINS APLENTY

One night we had a rather large gathering of various family groups at Christmas dinner. The number of cousins was really quite amusing. I think the complications of family relationships, as regards my husband and myself, became completely baffling to our English guests.

When you tell some one, that the lovely lady sitting opposite him is your husband's half-niece, that she married your first cousin, and that he was her sixth cousin, whereas you are married to your fifth cousin once removed, and are also her sixth cousin and that her children, in order to simplify life, say "Uncle Franklin and Aunt Eleanor," when the relationship is really only that of a half great-uncle, you may well imagine that you have led anyone, no matter how great his interest in genealogy, through a maze from which there is no emerging!

A few old friends were here with us as usual, and we drank the usual toasts to absent family and friends, adding one toast in tribute to our British guests. After dinner, we had newsreels, featuring both the prime minister and the President, and then sang together for a while

It will be quite impossible for me, of course, to thank the many people who have sent the President and me Christmas cards and telegrams, but I want to say here how grateful we are for their thoughts and the confidence and affection which so many of them expressed.

More Interest in Sports

Is interest in athletic affairs slackening because of the European war? Not if attendance at baseball games is any criterion. At the Yankee stadium this summer, 84,000 paid to see a game, the third largest crowd in baseball history. And in the Pacific Coast league, Seattle, until June 8, 1941, drew 37,000 more admissions than during the corresponding period in 1940, and Seattle led the league in attendance in 1940. It seems that people want to get away for a couple of hours from the war news in Europe and welcome the opportunity of going to the ball game or playing a bit of golf.

Oldest Going Concern

A World's fair has been held annually at Leipzig without interruption for over 700 years, breaking all records for business longevity. The map of Europe has been repeatedly redrawn, dynasties have risen and fallen, but the fair has remained the one thing permanent. The fair attracts business men today from 74 countries. American participation dates back for a century. The fair includes the newest art and industrial products from 32 of the leading industrial countries.

Perishable Baking Powder

Baking powder is a somewhat perishable product. If overexposed to the air moisture is absorbed. It should be kept in a tightly closed can and in a cool, dry place.

Dog Stays On

Frank Brzezwitz has retired as station agent for the Great Northern railroad here but his faithful dog, Terry, carries on. Terry reaches the station every morning at 7:30 o'clock, meets all passenger trains and then trots to the post office and bank—a routine he followed with his master for years.

First Girl

The Berti family is celebrating the birth of the first girl baby in the family for 10 generations. The child is the daughter of Mr. and Mrs. Paul Berti, of Cheshire, Mass.

Soundproof Clubs

Miami Beach night clubs must be both soundproof and air-conditioned, under a city ordinance.

Flour Exporter

For the past seven years Australia has been the world's largest flour exporter.

Use Sink Stoppers

In dry Oklahoma sink stoppers can be part of a police officer's equipment. When Lieut. V. G. Webb and two other officers raided a home a woman emptied a dishpan of liquid into the sink. Webb quickly stopped the sink, drained and siphoned out a quart of what he says was whisky. He was carrying the stopper in his pocket.

U. S. Canals

There are about 2,100 miles of canals in the United States.

Horse Rider Guilty

It isn't always necessary to have 90 horsepower under the hood to drive in a reckless manner. A Boulder man had only a one-horsepower vehicle under him when he drew such a charge. Riding a horse, he was accused of behaving so recklessly that two girls, walking in the road, were injured.
